Dear Friends,

We are so pleased to be greeting you at the end of another exciting and growth-filled year for PRS. PRS is providing behavioral health services to more clients than ever before and handling the most calls, texts and chats in PRS CrisisLink’s history.

This past year was a milestone year for our CrisisLink program—50 years of providing crisis intervention and suicide prevention services to our community! We hope you enjoy the 50th anniversary timeline that is carried through the report which shares key events that have transformed PRS CrisisLink into what it is today.

As we continue to adjust to the changes in the delivery of behavioral health services that are occurring at the statewide level, we are proud to be serving more clients than ever with some of our strongest outcomes in our history. As one of our Recovery Academy clients stated recently, “I find hope here.” Our goal is to support each one of our clients in determining and accomplishing their recovery goals. And that means carrying hope for them and with them throughout their journey with PRS.

You will notice in this report that the number of calls handled by our CrisisLink crisis workers continues to increase. We are thankful that more and more individuals are reaching out to find hope and remain safe. Through the addition of new services, including being selected as one of the National Suicide Prevention Lifeline’s Backup Centers, we expect the number of calls to be handled over the coming year to double to approximately 90,000. We are always looking for volunteers to support our CrisisLink program as hotline, textline and chatline crisis workers. Please visit prsinc.org/volunteer if you are interested in this life-changing and life-saving work.

Finally, throughout 2019, we continued to embrace our new brand and launched our new website, www.prsinc.org. Our hope is that the site reaches all audiences who desire to engage with PRS—from clients (current and prospective) to stakeholders to supporters to volunteers and so many more! Continue to watch our website for updates on upcoming events, news from PRS as well as a variety of volunteer opportunities.

Please stay connected! We look forward to engaging with you and seeing you at future events throughout our community. Thank you for your unwavering support of our efforts to change and save lives every day! We are excited to partner with you in the months and years to come.

Sincerely,

Wendy Gradison, LCSW

OUR MISSION

PRS provides behavioral health, crisis intervention and suicide prevention services throughout Northern Virginia and Washington, D.C.

OUR VISION

Our vision is to change and save lives in our community by empowering hope, safety, recovery, wellness, independence and community integration.

ABOUT PRS

Founded in 1963, PRS is an award-winning nonprofit organization that has transformed the lives of thousands of people in Northern Virginia and Washington, D.C. PRS services are funded by government contracts, foundation and corporate grants, private donations and private pay options.

In November 2018, PRS was presented with a CARE (Companies as Responsive Employers) Award by Northern Virginia Family Services.

PRS CrisisLink holds the highest level of accreditation from the American Association of Suicidology (AAS).

PRS holds the highest level of accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF).
CRISIS INTERVENTION AND SUICIDE PREVENTION SERVICES

PRS CrisisLink saves lives. Through our telephone hotline, textline, and chatline, outreach, training and education, we believe it is possible to develop and support a stronger, suicide-safer community through 24/7 crisis response. We provide vital support to those most vulnerable through a prevention, intervention and post-vention model recognizing the value of human connection and an evidence-based approach to suicide crisis. PRS CrisisLink is a provider of the National Suicide Prevention Lifeline both locally and nationally, supporting communities across our region and the United States. PRS CrisisLink’s crisis intervention, suicide prevention hotline, chat service and textline are available to anyone in our community that needs immediate emotional support for a mental health or life crisis. Speak with a trained Crisis Worker any time of day or night to help you or your loved one through life challenges.

BEHAVIORAL HEALTH SERVICES

PRS provides a continuum of community-based behavioral health services. We promote recovery by supporting persons served in making and implementing informed decisions to overcome challenges, build strengths, participate in their community, improve and sustain overall wellness, and remain safe. Our well-established role in the community enables us to provide innovative models of service and program delivery while maintaining close relationships with persons served, their families and the community at large. PRS’ experience shows that with the proper services and supports, persons served can and do increase their independence and self-sufficiency. They are taking critical steps to leading strong and fulfilling lives through their individual recovery journeys.

ABOUT OUR CLIENTS

Over the past 57 years, PRS results show that with appropriate medication, training, skill building and supports, people living with mental illness, substance use disorders, mild intellectual disabilities, autism spectrum disorders, or anyone facing life crises can moderate the dramatic impact of their illness or crisis on their lives, improve their overall wellness, develop meaningful connections to their communities, and live productive and satisfying lives. PRS clients are referred by public and private agencies, such as the Virginia Community Services Boards, the Virginia Department for Aging and Rehabilitative Services, the District of Columbia’s Core Service Agencies, mental health professionals, self-referral or family members. PRS’ CrisisLink Hotline, CrisisText Connect and chatline are available to all individuals in the community.

5th Annual #CallTextLive Campaign

PRS CrisisLink’s 5th Annual #CallTextLive Campaign during suicide prevention month was a huge success!

Throughout our month-long campaign, we offered a calendar of activities for our volunteers, staff, and community members to get involved and show their support of suicide prevention. Activities included a Facebook Live from the call center, World Suicide Prevention Day, Selfie Day, and 5K Walks with the National Alliance on Mental Illness (NAMI) and the American Foundation for Suicide Prevention (AFSP).

Thank you to all who participated and supported suicide prevention month and our #CallTextLive campaign. Together, we can reduce the stigma and create suicide-safe communities!
OUR PROGRAMS

Behavioral Health, Crisis Intervention and Suicide Prevention Services

**PRS CrisisLink 50th Anniversary Recap**

Throughout 2019, PRS CrisisLink celebrated 50 years of service to our community. Over 75 guests attended an anniversary reception to celebrate this momentous milestone. We honored our community partners for their continued support of PRS, including: Fairfax County, Arlington County, and U.S. Representative Don Beyer.

Additionally, we honored two PRS CrisisLink volunteers:

- **Lolita Youmans.** PRS CrisisLink 2019 Volunteer of the Year
- **John Tarrant.** PRS CrisisLink Lifetime Achievement Award (25 years!)

Thank you to all of our volunteers, staff and community members for their continued support over the last 50 years. We look forward to continuing to provide life-changing and life-saving services to our community!
CELEBRATING 50 YEARS OF CHANGING AND SAVING LIVES

PRS CrisisLink celebrated its 50th Anniversary throughout 2019. Here are just a few of the numerous milestones that we have experienced and celebrated over the past 50 years!

1969

Begins as the Northern Virginia Hotline for teens in Arlington, created by five volunteers and served as an evening hotline for teens in Arlington.

1970s

Grows volunteer-force. Expands hotline services to Fairfax, Alexandria, and Loudoun. Expands to 24 hours a day, 7 days a week.

1980s

Hires part-time staff to supplement volunteer-force. Becomes accredited with the American Association of Suicidology (AAS).

VOLUNTEER IMPACT

Without our dedicated team of volunteers, our vision to change and save lives in our community would not be possible.

PRS’ Board of Directors provide oversight, support and governance of our organization. PRS volunteers invest their time and talent in programs including PRS CrisisLink’s hotline, textline and chatline, CareRing outbound calling program and Recovery Academies. Volunteers also donate their time in our Administration office, help at PRS special events, organize donation drives, and participate in group and youth opportunities.

Our committees support the planning for PRS’ annual signature event and other important functions such as finance, and resource development.

GET INVOLVED

Make a difference in your community by helping PRS provide supports and resources to individuals living with mental illness and anyone who faces life crises.

Involvement in PRS can be as simple as:

- Telling friends, family, colleagues and neighbors about PRS’ award-winning programs, services and outcomes so that people in need in the community can connect with our services
- Volunteering in our programs administrative office, serving on a committee, or youth or group opportunities: prsinc.org/volunteer
- Making a financial gift or an in-kind donation: prsinc.org/donate
- Donating an item from our wish list: prsinc.org/donate
- Follow us on social media:
  - @PRSincorporated
  - @PRSincorporated
  - @PRS_CrisisLink
More Ways to Get Involved:
